# QUALITY IS IN THE SMALLER DETAILS

The finer technicalities and components of Lumon balcony glazing come together to maximise usability. Small profiles and design details create a stylish wholeness and a product that is easy and comfortable to use. Our balcony glazing can be completely opened aside, so cleaning is made safe and easy. Whether you choose ventilation crack, partly open or whole view/wide open positions, Lumon balcony glazing satisfies the user's needs.

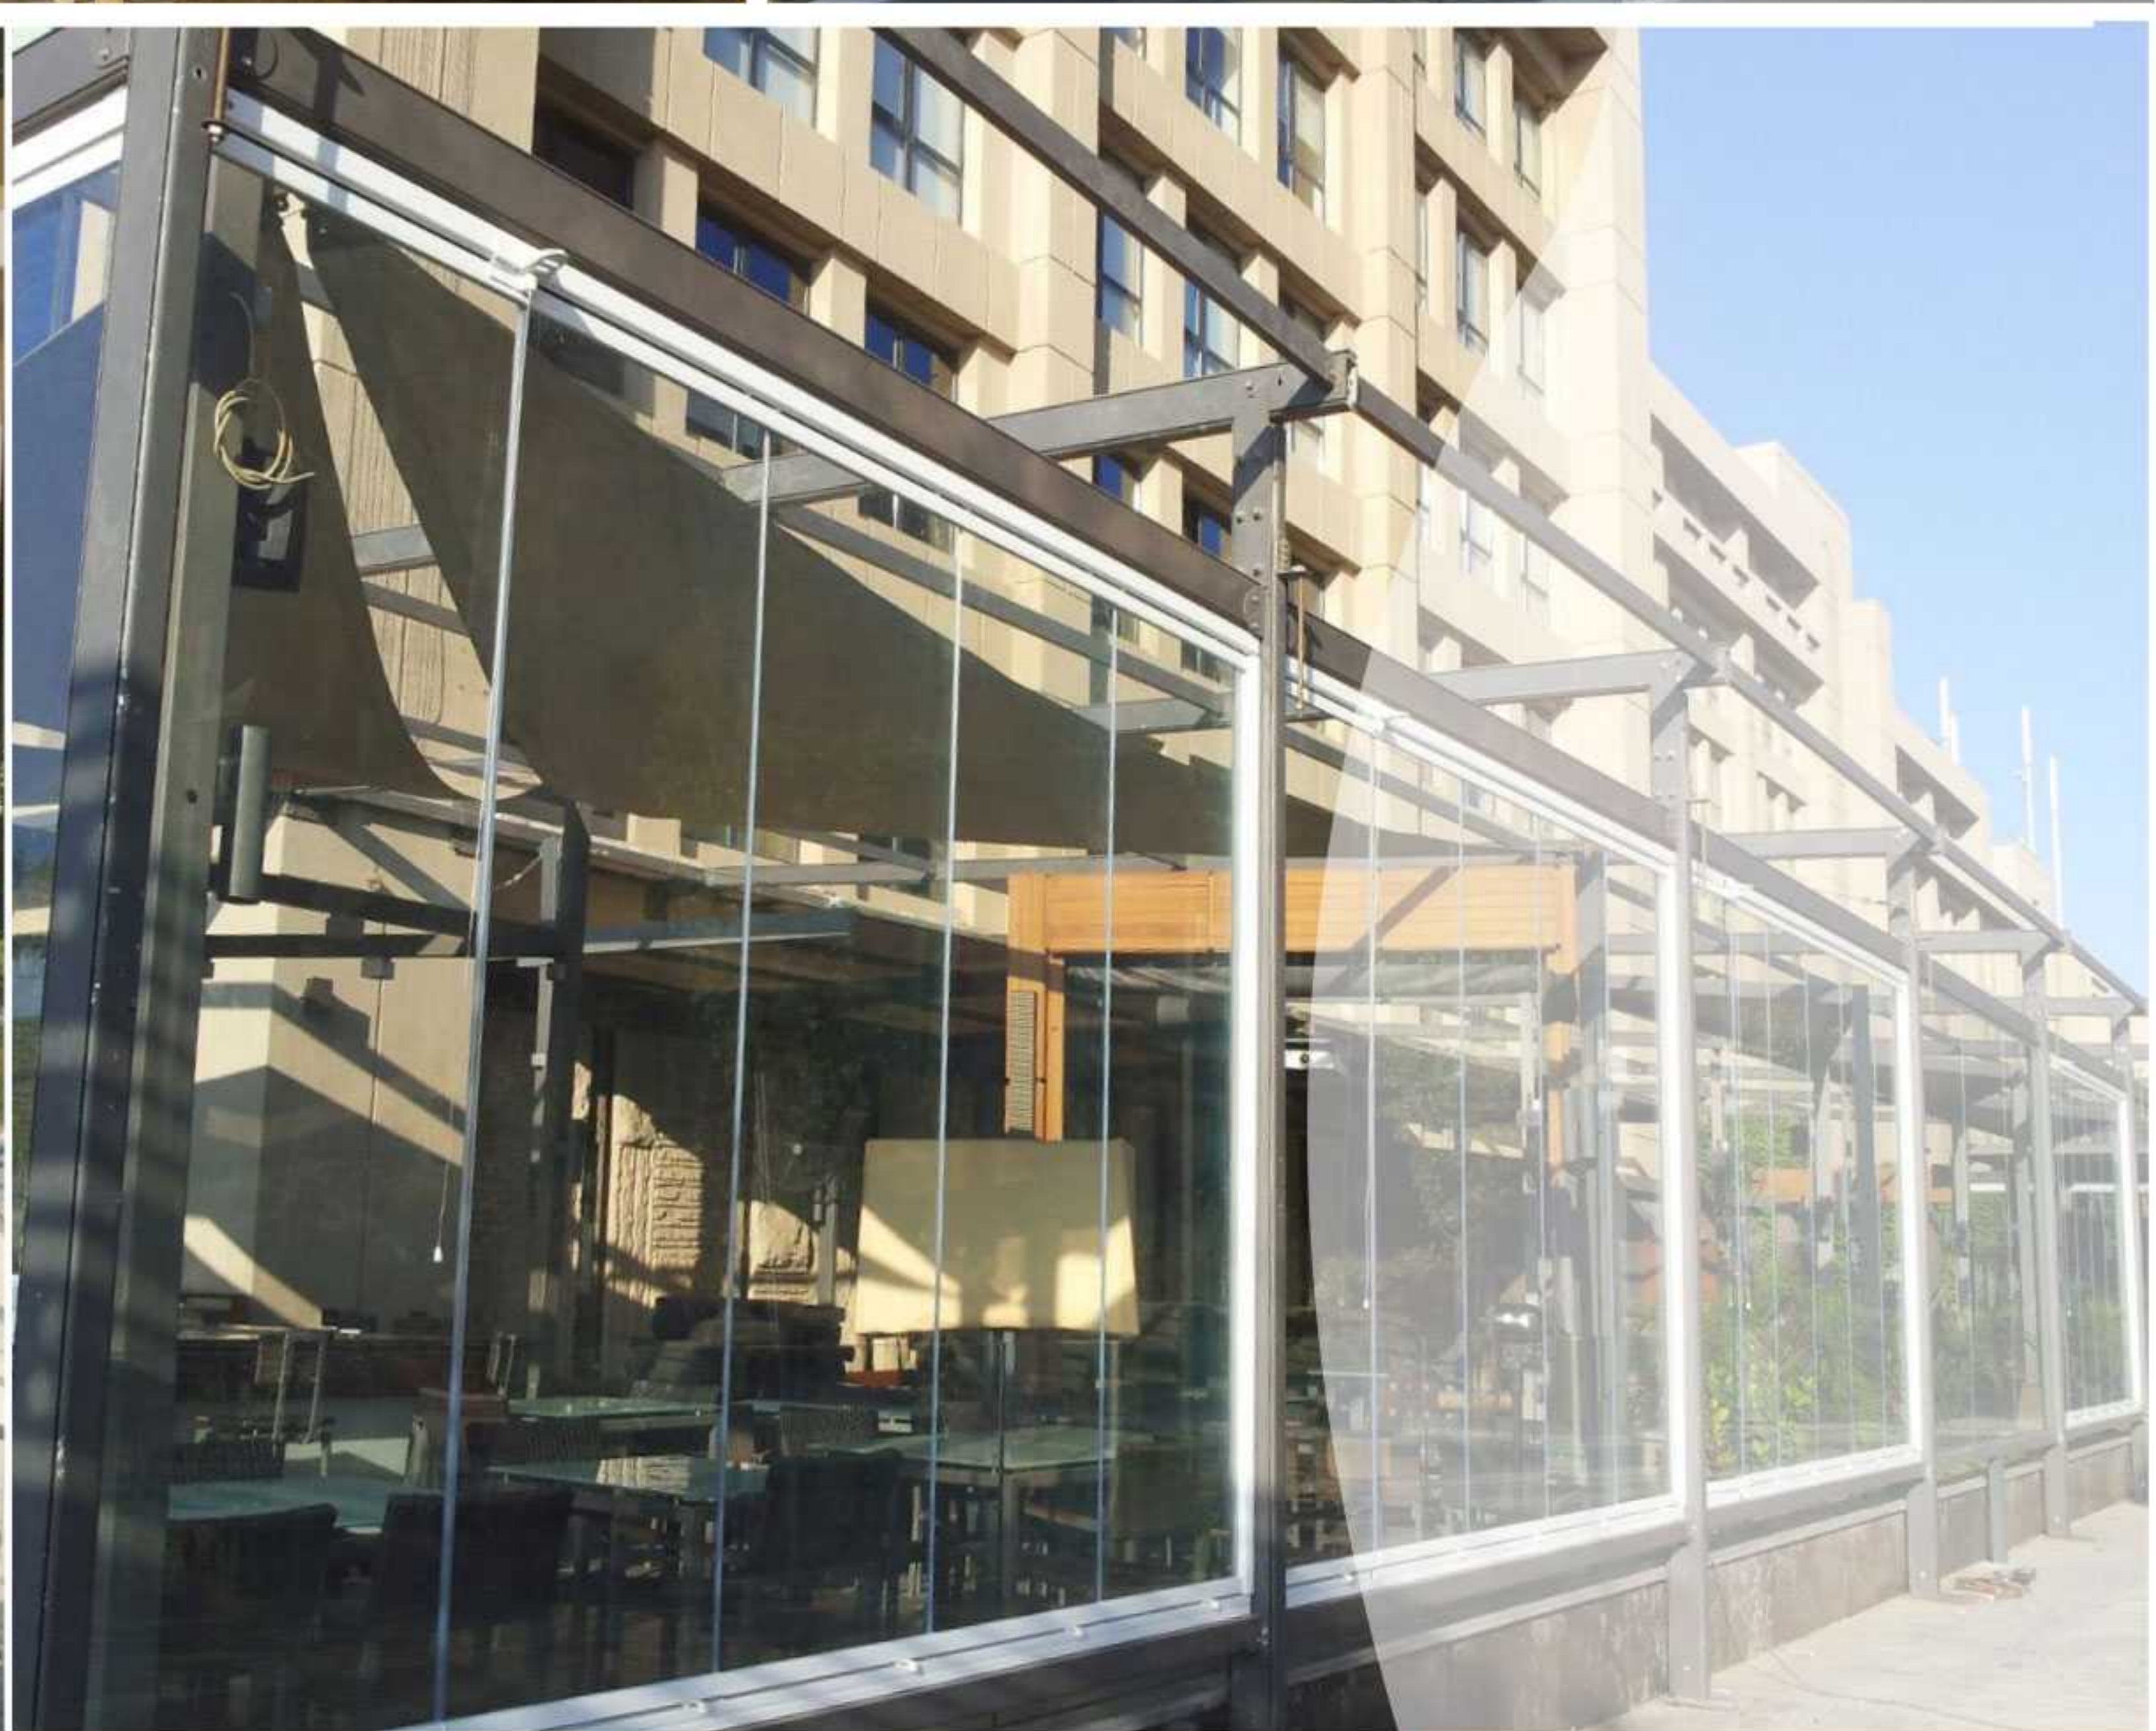

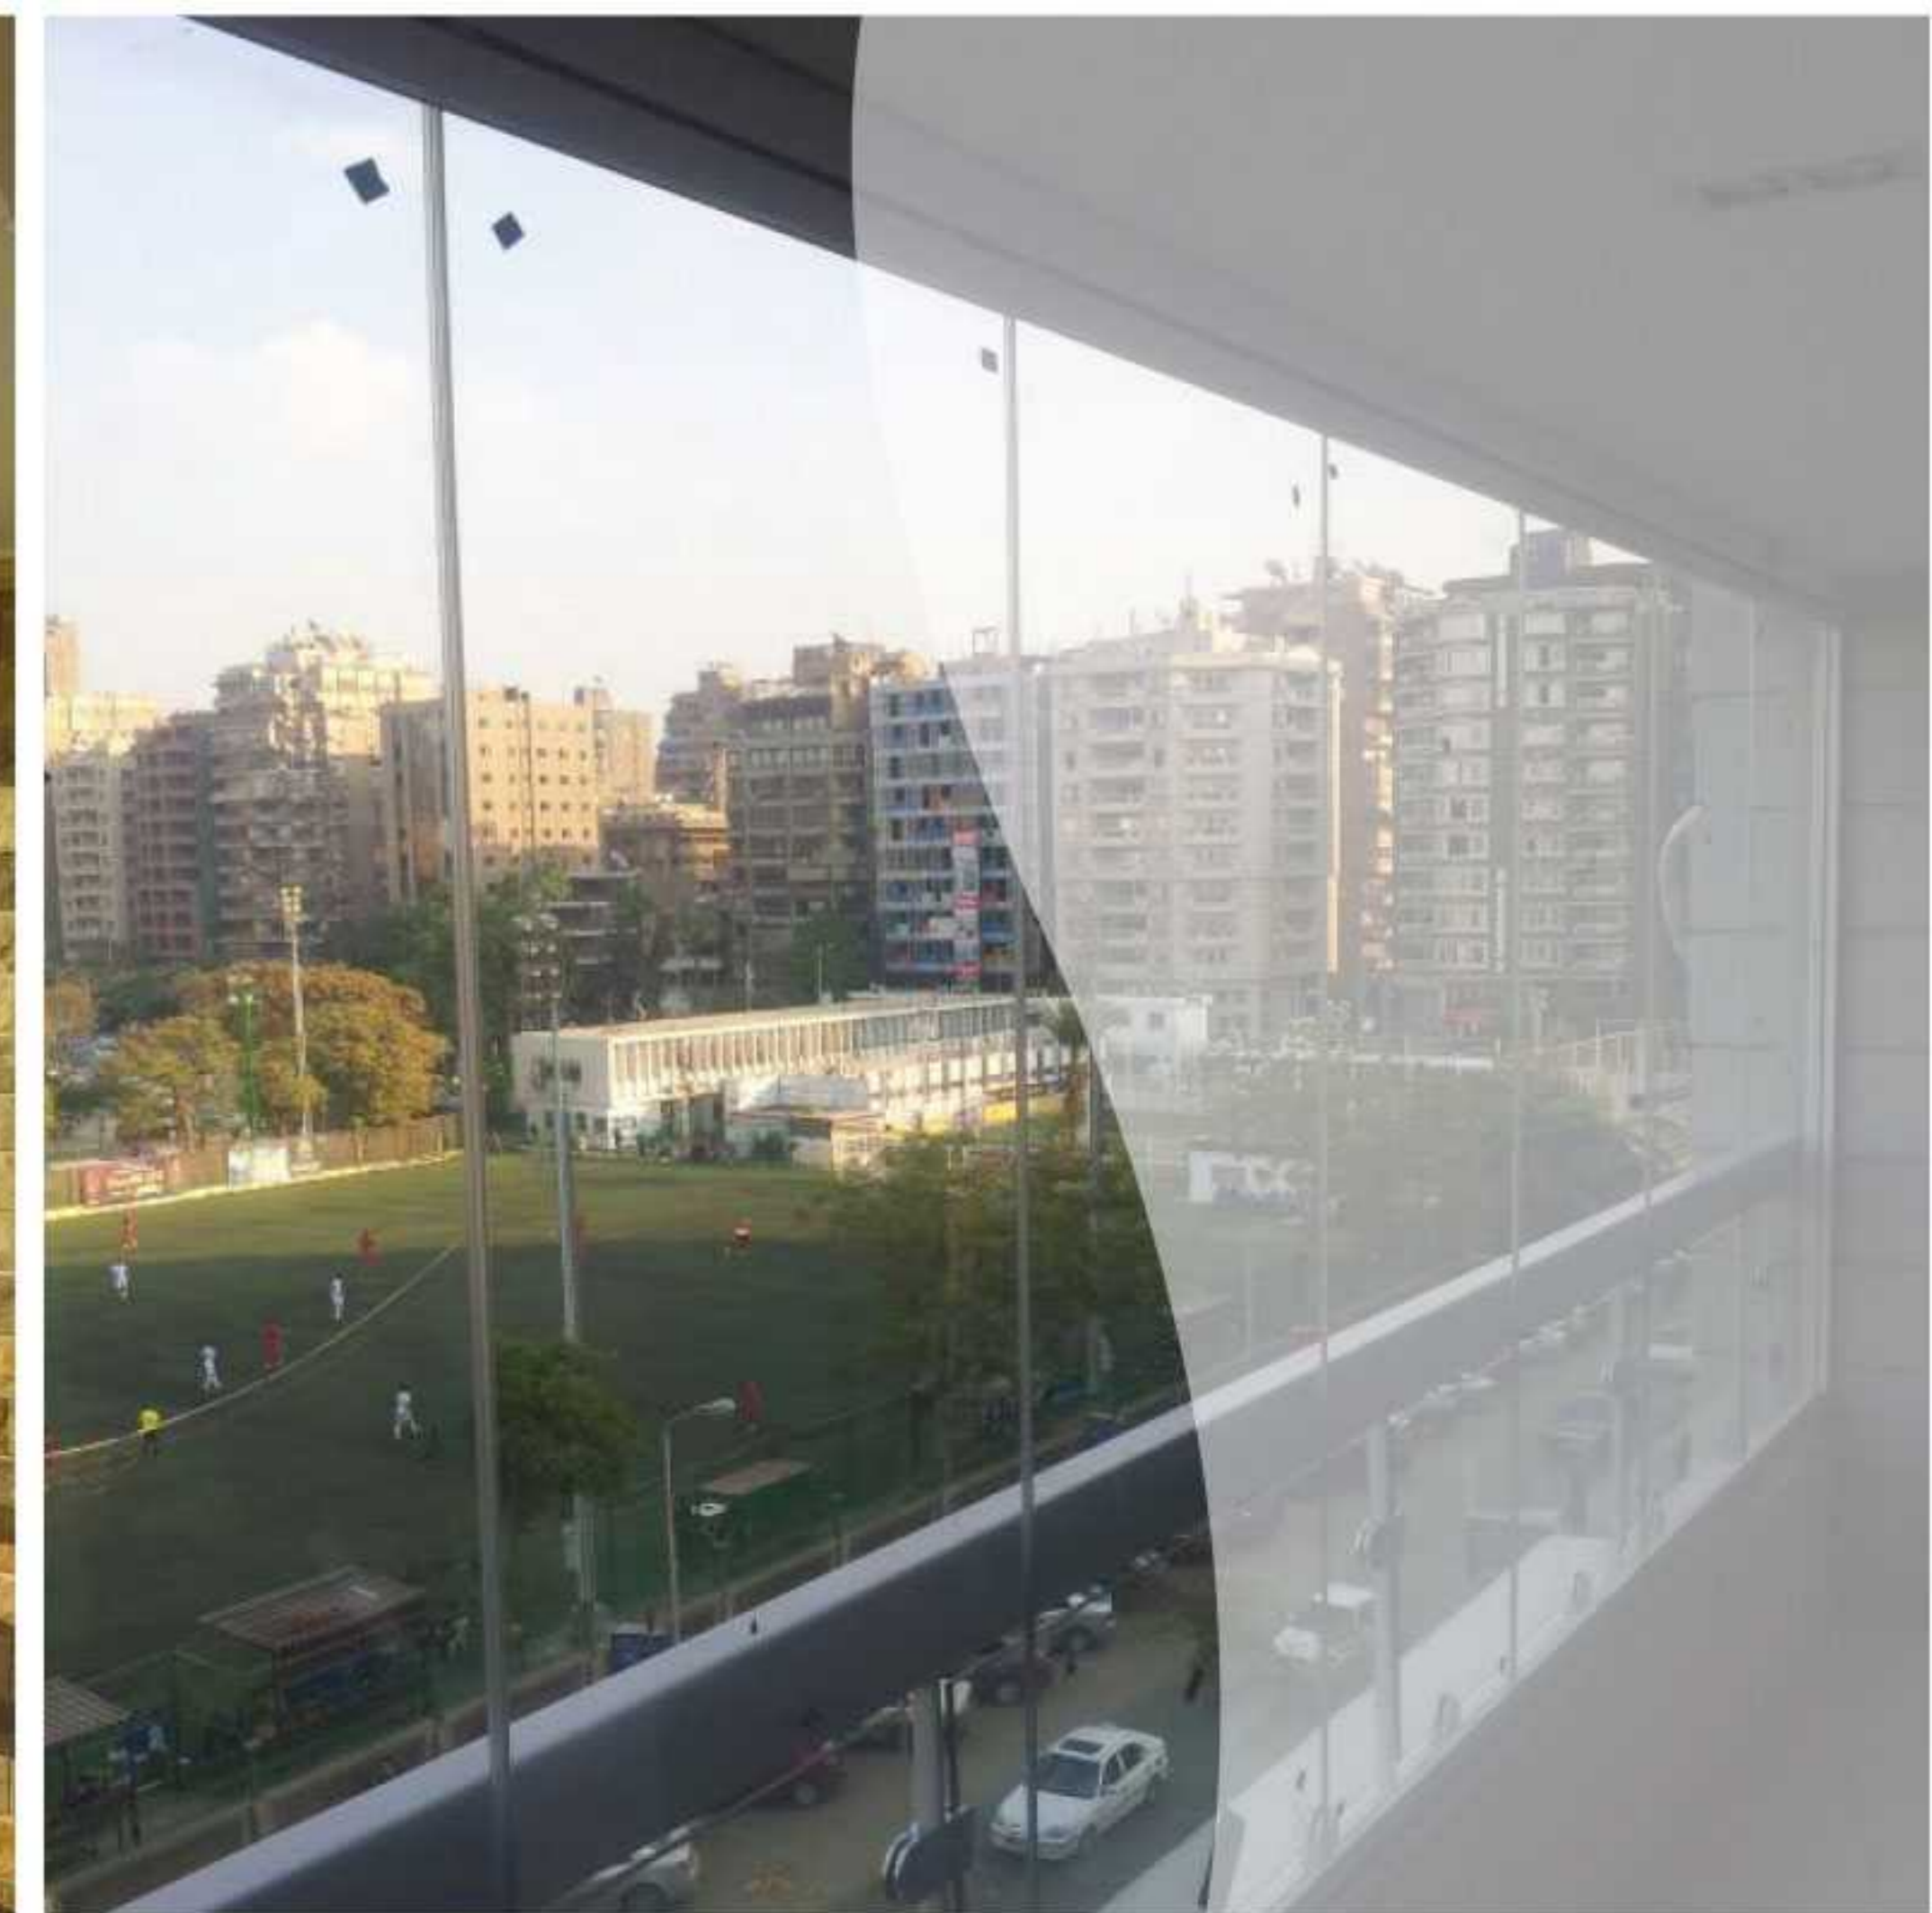

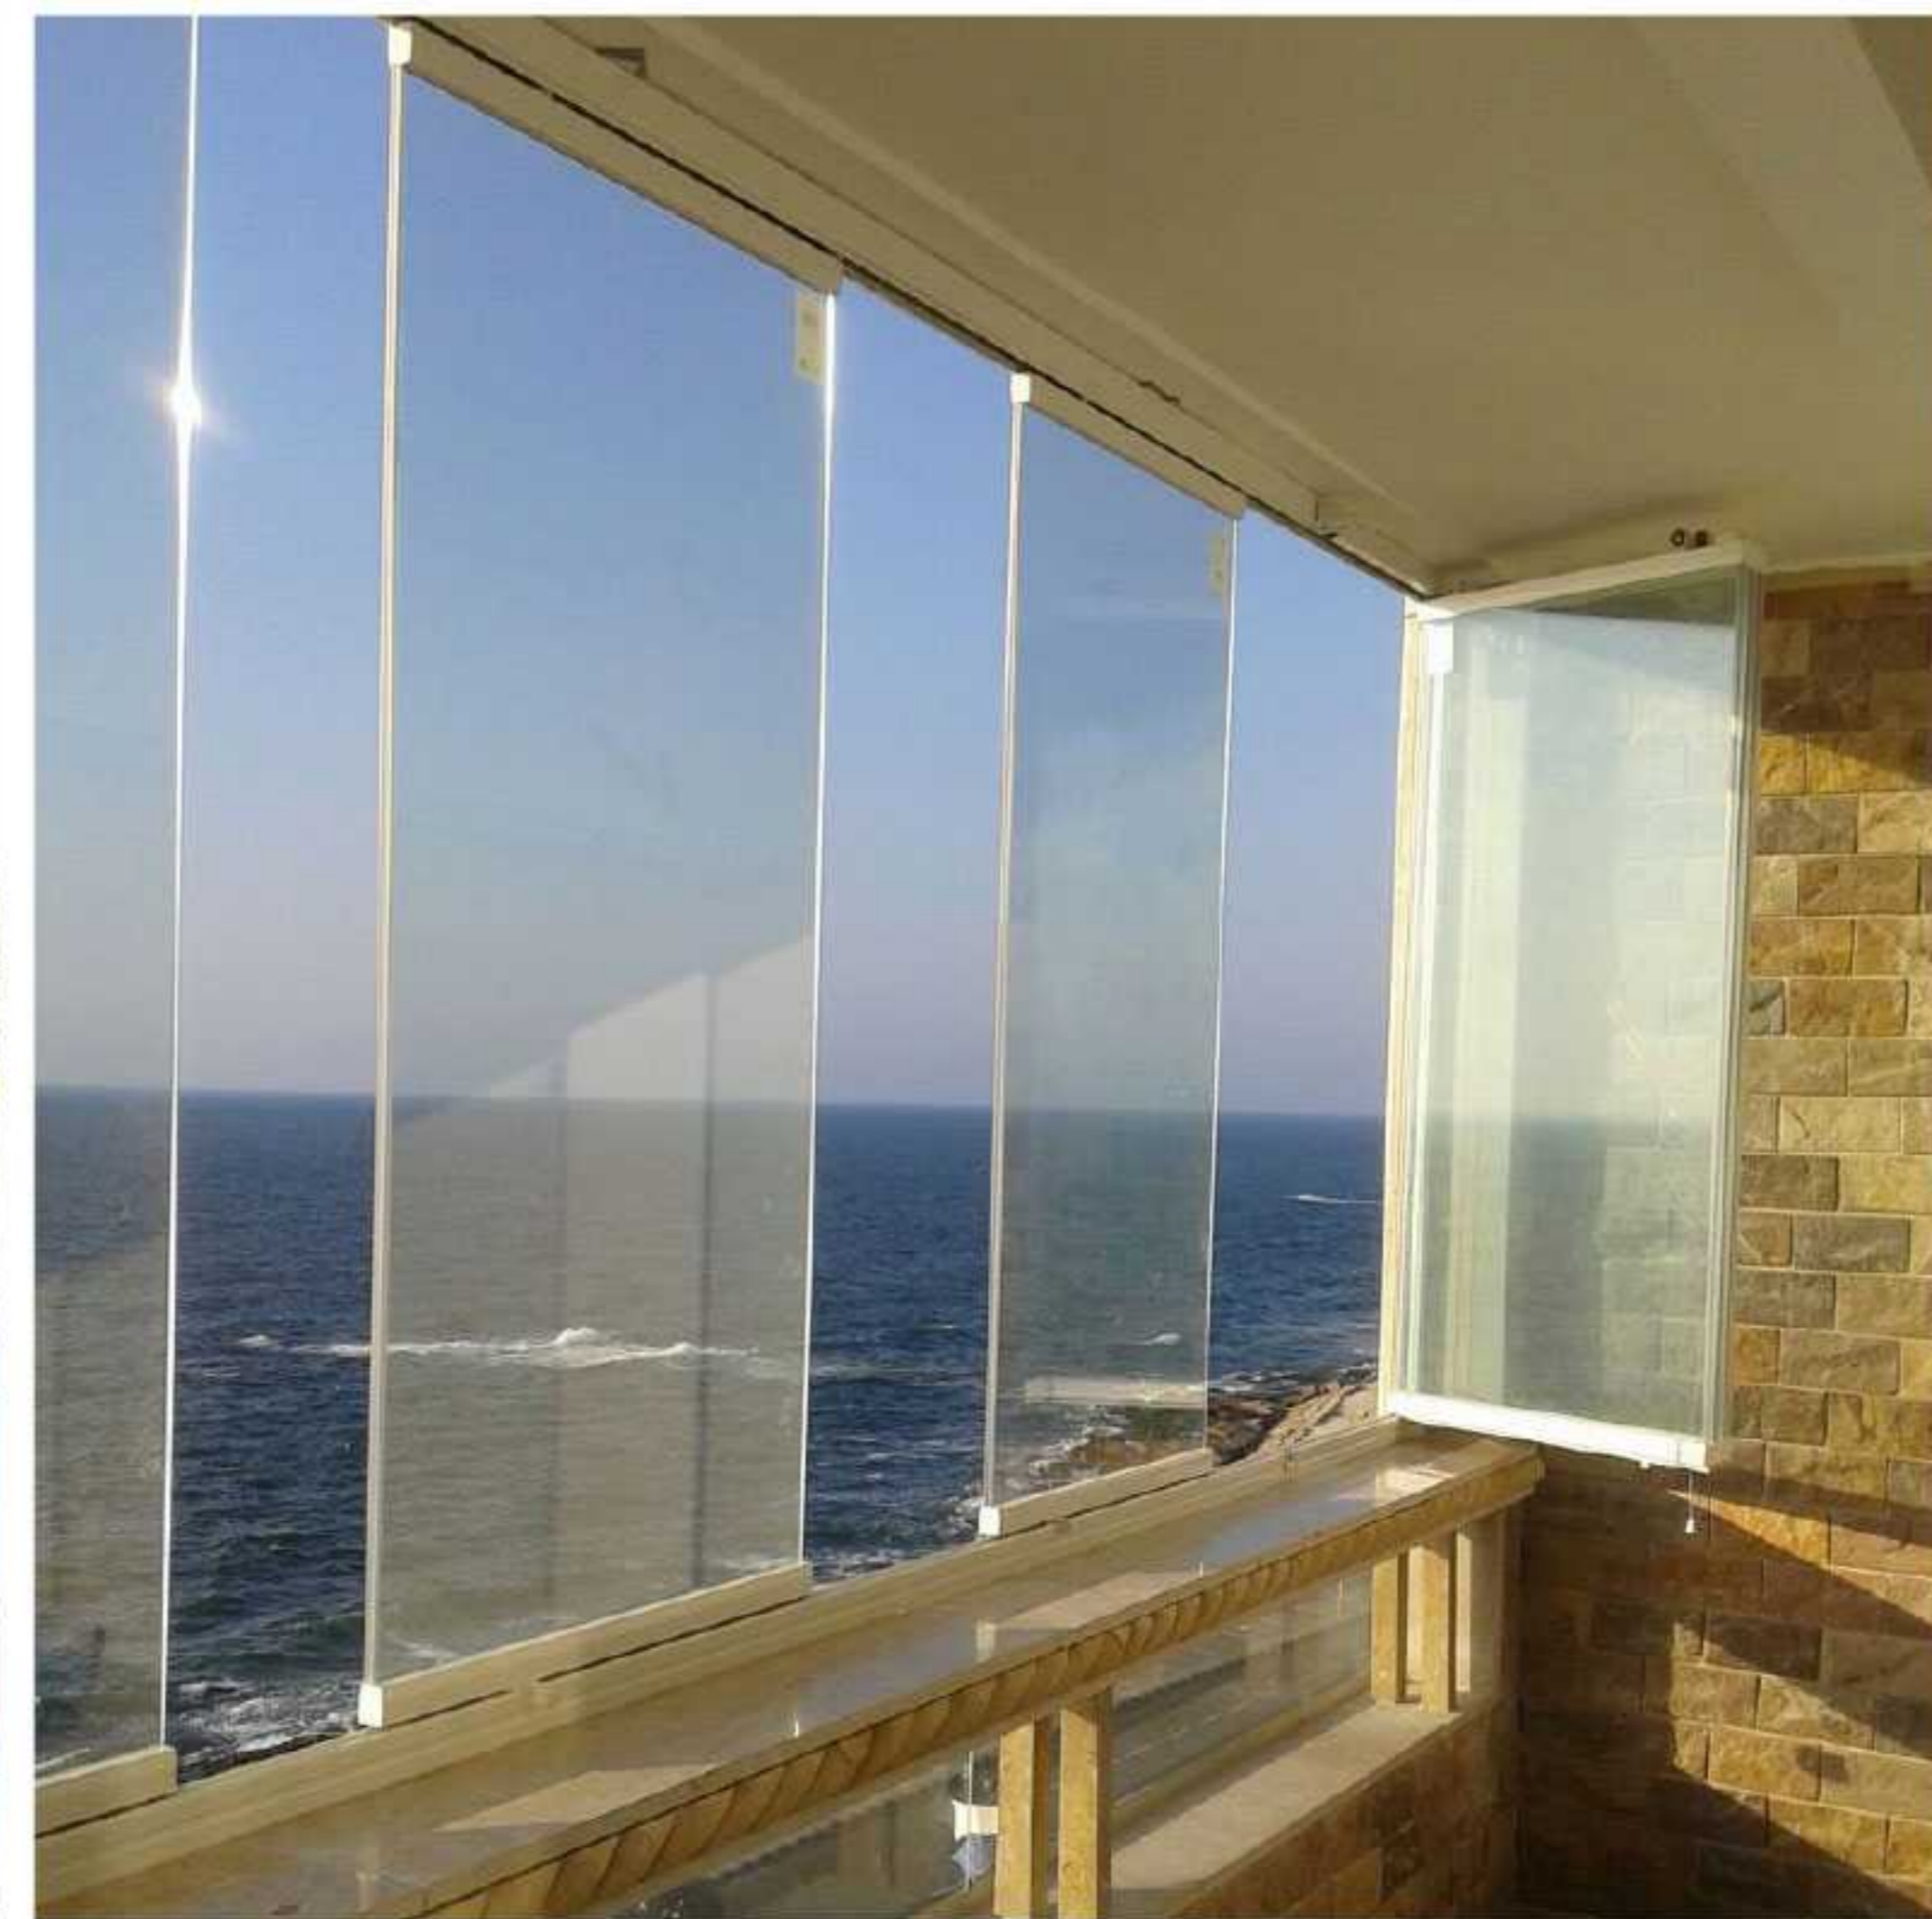

# LUMON BALCONY GLAZING PREVENTS

dirt, rain, wind, flying debris and leaves in your balcony.

Lumon balcony glazing offers so much more. This is exemplified throughout the seasons, where our glazing prevents dirt, rain, wind, flying debris and leaves in your balcony. Environmental noise is also dampened down. The warmer climate resulting from our glazing means spring starts early. In the warmer months the glazing can be opened up completely so you can enjoy the fresh air and sunshine. The clean, aesthetically pleasing Scandinavian design of Lumon balcony glazing combined with great usability forms the perfect balcony glazing solution.

AFTER SALE SERVICE IS OUR PRIORITY.

# LUMON'S QUALITY MATERIALS

**WILL ALSO ENSURE  
PROTECTION FROM  
NATURE'S OUTSIDE  
ELEMENTS**

Lumon balcony glazing compliments a variety of furnishings and decor to complete a pleasant and functional leisure space. Lumon's quality materials will also ensure protection from nature's outside elements -plants will thrive in the spring sunshine as they start their growth season early. Lumon balcony glazing is designed to work in harmony with your lifestyle. What could be more enjoyable than sitting with friends on your balcony enjoying a coffee and watching the sunset ...
